* In using this Table, take from the Kalendar the time of High Water at Leith; add to it the time opposite the place required when the sign + is prefixed; subtract it when the mark - occurs. Thus the time of High Water at Leith in the morning of January 5 is 4h. 27m.; the time in this Table opposite Liverpool is - 3h. 0m.; and by subtracting this from the former there is obtained 1h. 27m. for the morning tide at Liverpool on the day required.
