## Application for Fellowship

### Application for Admission

**We are very pleased that you wish to become a Fellow of the Society of Antiquaries of Scotland.**

For your application for Fellowship to be considered it will need to be supported by the names and signatures of two currently subscribing Fellows of the Society of Antiquaries of Scotland.

We understand that you may not knowingly be acquainted with any current Fellows, in which case please discuss this with the Director. In these circumstances we are normally prepared to accept references from other persons who are in a position to know of, and appreciate, your commitment to the study and understanding of Scotland's past, provided that they tell us something about themselves and their experience.

It is for you to contact referees and to ensure that their names and signatures are applied to your application, or that their references where necessary arrive with your application. Send your completed application to the Director at the Society offices. Applications must reach us by the **1st September** to be considered for election at the Anniversary Meeting, usually on St Andrews Day.
