Eleventh Annual Robert Burns Supper by
The Scottish Heritage Society
Of Southeast Georgia

Office of the Treasurer
106 South Edgewood Drive
Statesboro, GA 30458

January 3, 2013

Dear Friend of Scotland:

January 26th marks the eleventh anniversary of the Burns supper in Southeast Georgia. President Bill Anderson has arranged for a memorable program by a true friend of Scotland, General James Edward Oglethorpe (Scott Hodges) of the colonial capital city in Savannah. We will share a great meal and the usual "cup of kindness," in memory of the great bard, Robert Burns.

Festivities begin at 6:00 PM at the Trinity Episcopal Fellowship Hall, 4401 Country Club Road at Veterans Memorial Highway. Pick up your name badge and enjoy the fellowship. (Remember, whether you prefer cider or wine, all the refreshment table proceeds support the Kemp Mabry scholarship fund.) At 6:30 sharp on Saturday evening, January 26, piper Danny Ailes will lead the parade arranged by Marshal Tom McMullen. There is room for only seventy, so order your tickets today.

The program will feature Lassies toasting lads, who will return the favor. The finest haggis in southeast Georgia will be blessed. Cider will be plentiful at each table, and wine may be obtained at the refreshment table. There will be toasts and laughter. The elegant supper this year features a variety of meats, vegetables, fruits, and desserts.

Plan today to be among the seventy celebrants on January 26, 2013. Please take a moment now and send in your reservation. If available, seats may be reserved through Wednesday, January 23. Make your check payable to the Scottish Heritage Society of S. E. GA, in the amount of \$32.00 per person. Indicate on the enclosed form the first and last names of members of your party. Your names will guide us as we organize and prepare the name badges. Please use the handy, pre-addressed envelope enclosed. We look forward to seeing you on the last Saturday in January.

Cordially,
Beverly Presley

Progress report from your Editor:

At last, some progress towards your editor being able to go to the local tech school to learn Adobe InDesign.

Nowadays, you cannot load your own program on any computer at a tech school in Georgia. You must have a laptop where your own program may be loaded.

I had not touched my laptop for several years, so had to send it to Habersham Electronics in Clarkesville, GA to be revived. It is now amongst the living computers again.

So, I can load InDesign and attend classes at the tech school. I hope I will be able to at least do a simplified version of Beth's Newfangled Family Tree soon.

Another progress report: I had my long awaited doctor's appointment this morning with the neurologist in Gainesville,

GA. He says I have something called Migraine Aphasia. It is simple to treat if you know what to do...which I now do know. I am doing exactly what I am told to do...so expect to be around for a long, long time!
