Leon Hicks

*Clan Henderson Society
President*

It is going to be a busy three months for the Clan Henderson Society.

By the time you read this article, it is possible that the Annual General Meeting in Nashville (10-12 September) will have already occurred. Nevertheless, I hope to see a lot of our members at this event. We understand that there are those who may choose not to attend due to the resurgence of the virus plaguing the US; we respect everyone's decision on whether or not to attend these events. We look forward to a great event this year. The Friday afternoon Executive Session will be conducted both in-person and via zoom. A "silver lining" in the cloud of the recent pandemic is that it has forced us into the 21st Century with regards to our communications. We are now truly a worldwide organization. An objective for the coming year will be to engage more electronically with our worldwide membership. Lastly, I encourage everyone to put the 2022 Annual General Meeting at Bitterroot, Montana on your calendars (Aug 20 – 21).

It is with great pleasure that we announce the appointment of Rev. Dr. Dan Henderson as the newest member of the Clan Henderson Society Chaplain Corp. Dan was appointed by Rev. Kyle Henderson, the Corp Director, at the Grandfather Mountain Highland Games, and was joined by the Rev. Fred Sanford, Clan Henderson Society Chaplain in officiating the induction ceremony. Dan is from Leesburg, FL. Please join me in welcoming Dan, and thank you Dan for supporting our Society in this important endeavor.

I want to recognize Larry Henderson (former President of Clan Henderson) who deserves special

recognition for the excellent job of maintaining the Clan Henderson Society Facebook page. If you have not joined this site please do so. There are many very interesting articles being posted there. Subjects range from history and genealogy to personal athletic achievements, pictures of Scotland, highland games, and family events. There are great pictures from the Grandfather Mountain Highland Games (NC) as well as many other events on this site. Larry does an excellent job of monitoring the site to ensure those who participate do so in accordance with the objectives of the site. It is the best way to follow the day-to-day activities of our society. Thank you, Larry, for an excellent effort and all your enduring support of the Society's goals and objectives.

Leon Hicks

Congratulations, Shalimar Henderson, on your recent athletic achievements. She placed fifth in her first outing as a Henderson athlete at the Kootenai Highland Games in Libby, Montana. CHS is very proud of your achievement. We look forward to following your efforts and future achievements.

I am very pleased to see so many of our younger members participating in the greeting card art contest. This effort is being directed by Louis Russell. Its objective is to encourage young members to submit Scottish-theme artwork to be judged for inclusion in the Clan Henderson Society Greeting Card project. These cards will be sold later this year as a fundraiser for our Scholarship Program. Please contact Louis to find out more details.

As always, a great thanks goes out to all of you who take the time, and make the effort, to represent Clan Henderson Society at various events around the world!

Grandfather Mountain Games is gathering place for thousands July 2021!

Mary Lane Henderson

It was wonderful to gather again and Grandfather Mountain was the gathering place for thousands. Thursday, Ed Hendricks, Jan Burdette and I set up, met several clan members, made new friends and ended the day with the "Touch Lighting Ceremony."

Friday and Saturday were record-breaking crowds. Saturday, approx 35,000 were in attendance.

We started Saturday with a ceremony installing two new Bodyguards. Ed Hendricks held the ceremony bestowing the Sash and Badge to Rick Kalk of South Carolina and Allen Peppin of North Carolina.

After the ceremony, we gathered at the field to attend and support our own John Henderson in the Heavy Weight Wrestling competition. John took second place! He is the son of our Head of Chaplain

Corps, Kyle Henderson and wife, Susan.

We are so proud of John!

While watching the Highland Dance competition, Jan Burdette met Caroline Drummond (Clan Drummond) who was competing. Caroline was dancing in the Royal Tattoo in Edinburgh when we attended, as a Clan, in 2017. *(See bottom left photo next page.)*

Later, The Loch Norman Pipes and Drums came by and took us on a "Walk About". That was lots of fun!

On Sunday, Kyle Henderson held a ceremony installing Dr. Dan C. Henderson Chaplain of Florida.

We were one of the largest Clans in the Parade of Clans. We had 23 in the parade. Our five Bodyguards had us marching in order and in step.

CHS at Scottsbluff, Nebraska, Scottish Games first time ever!

Laura & Michael Petry

In June, "The Henderson's are here!" was shouted for the first time in western Nebraska!

Clan Henderson was represented at the Scottsbluff, Nebraska 4th Annual Celtic Gathering on Saturday, June 26th, 2021. Michael and Laura (Henderson) Petry enjoyed a scenic 7-hour drive west to discover new scenery and spent their 34th Anniversary weekend in breathtaking western Nebraska at the foot of the Scotts Bluff Monument, manning the Clan Henderson tent and making new friends!

After a year off (guess why), the Scotts Bluff Celtic Gathering was revived and held in Gering Northeast at the scenic Five Rocks Amphitheater. Ten different clans converged on the Five Rocks grounds to pay tribute to their collective Scottish heritage and love of their roots. A Welsh Society group and Celtic jeweler, and historical clothier were also in attendance.

The wind blew fiercely! We held down the tables and added stakes to the tent. But, wind aside, it was a stunningly sunny, not-too-hot day.

Drum beating began, bagpipes played and, shortly after 10 A.M., the clans marched in.

The rest of the day featured music, food, drink, demonstrations of the Highland games sporting events, and living history re-enactments by the *RenScots (Renaissance Scots Living History Association)* from Colorado. They demonstrated the highland charge, archery, blacksmithing, spinning, and European Sword arts of the medieval, renaissance, and 17th centuries.

Our new Henderson origins banner drew lots of attention, allowing us to enjoy discussing Scottish history and Clan Henderson Society information with many visitors. Thank you to Leon Hicks for designing this awesome banner!

This relatively new event is growing quickly and will include the Highland Games competition beginning next year. Michael and Laura plan to return next year, adding a golfing day with their new Clan McDonald friends. Meanwhile, they have new connections out west that might even help them find an elusive local western NE Henderson, who offers townsfolk his services on an historical funeral carriage on occasion.

We are intrigued.

Nancy Chilton Henderson

Nancy Chilton Henderson, 87, of Laguna Vista, Texas, went to meet her savior on December 26, 2020.

She leaves behind her husband of 64 years, Jefferson S. Henderson II. Nancy is also survived by two children, son Jefferson S. Henderson III (Sheri) from Jupiter, Florida, and daughter Alice Henderson Hall (Darryl Hopkins), and granddaughter, Sarah Hall, and a great-grandson, Casey Ray, from Statesboro, Georgia. She has one brother, Carl S. Chilton Jr. who lived in Brownsville Texas until recently when he moved to live with his daughter in Rockwell, Texas.

Nancy was born in Harlingen Texas on February 14, 1933, to Carl S. Chilton Sr. and Eula Kell Chilton. Her father was a school superintendent and her mother an elementary school teacher. The family lived in Port Isabel, Texas during her early childhood and then moved to Port Lavaca, Texas where Nancy graduated from high school.

Nancy attended the University of Texas in Austin, Texas, and majored in Home Economics Education. Her first teaching job was in Bandera, Texas where she taught for two years. While at the University of Texas, she met Jeff at the Wesley Foundation and they were married in Port Lavaca on June 30, 1954.

Nancy taught Home Economics in Austin at Fulmore Junior High while Jeff finished his Master's Degree at the University of Texas.

Then they moved to New Orleans where Jeff III was born and next to San Antonio where Alice was born.

In 1962, the four Henderson's moved to the suburbs of Washington, DC where Nancy lived for most of her adult life. She began teaching Home Economics again in 1967 in Fairfax County Public schools.

She retired in 1994 as the Department Chair at Robinson Secondary School in Fairfax. She was a popular and loved teacher who also advised the Future Homemakers of America (FHA) Club and the Student Government Association.

She was on the National Board of Directors for FHA for six years and Chair of the board for two years.

While teaching, she was inducted into Delta Kappa Gamma an international society for woman educators.

Nancy was a devout member of the United Methodist Church.

Wherever she lived, she joined a Methodist

church and served in numerous volunteer leadership roles within the church, at the district level, and with the Virginia Annual Conference.

She also taught adult Sunday School and served on the Board of Directors of Children and Family Services for the Virginia United Methodist Conference.

Nancy helped start a storefront church in Northern Virginia.

After years of volunteer work with the United Methodist Church, she and Jeff took a part-time paid position in 2001 titled Director of Membership Development with Christ Church in Fairfax Station, Virginia.

Recently, they attended First United Methodist Church, Port Isabel, Texas.

In addition to her church work Nancy was involved with P.E.O an organization of women, by women, and for women in Virginia and Texas.

Jeff and Nancy loved to travel. The family always took family vacations within the US and overseas. They loved St. Thomas United States Virgin Islands and went there to celebrate their wedding anniversary for many years.

After they retired, they were always planning their next big trip.

Even though, Nancy lived most of her life in Fairfax, Virginia, her roots in the Rio Grande Valley were strong.

Her parents had retired to Brownsville, Texas, and lived there until their death.

In 1995, She and Jeff bought a condo on South Padre Island. They spent many years being Winter Texans in January and February until they decided to move to the valley permanently in 2016.

In lieu of flowers, the family requests that donations be made in her name to the First United Methodist Church, 101 W. Adams St., P.O. Box 1085 Port Isabel, TX 78578.

A Graveside Service was held on Thursday, December 31, 2020, at Rose Lawn Memorial Gardens, Brownsville, Texas.

You may sign the online guestbook, light a remembrance candle, or send words of comfort to the family of Nancy Chilton Henderson at www.thomaegarza.com.

Leon Hicks, President CHS

It was a great day at Myrtle Beach, South Carolina, for the Clan Henderson Society. We had two new families join us, Eddie and Aprillee Cox of Lumberton NC, and Robert and Patricia Henry of Swansboro, NC.

The event itself was a bit smaller than in years past due to the reopening of the games after a year off, but there was an enthusiastic crowd there.

It was great to have Jon Henderson, a primere CHS athlete from Jacksonville, FL join us.

He was there as an official of the Highland Games. Speaking of the games, there were many great athletes there, both professional and amature. The competition was great.

We had many visitors to the CHS tent and I look forward to next year's festival and games.

Lovey news from our Audrey Trauick

Good afternoon Scholarship committee & supporting Clan & Society members,

I wanted to take a minute and update everyone on my success from the Citrus Classic Competition in Jacksonville, FL, this past weekend.

I am extremely happy to report that I placed 7th in my Solo Choreography for the Intermediate and Premier ages 19 and over. It was my very first ever Solo Choreography and against some really tough competitors and I had so much fun performing.

The competition for the Highland steps was absolutely fierce! Although I did not place, it was a fantastic experience to be in the same age category with a several time World Champion Berret Durnbach and multiple seasoned Champions from around the US regions.

I am excited to report that I did place in my National Dances taking a 5th overall in Premiere 18-19. I placed 7th in my Lilt, 7th in my Flora, and 2nd in my Village Maid. Again, it was amazing to be competing with some of the top competitors from around the US in my age bracket

FIREFOX BECOMES THE FIRST MAJOR BROWSER AVAILABLE IN SCOTS

The Firefox web browser has become the first major software available in the Scots language. The project, led by Edinburgh-based localization provider *Rubric*, seeks to promote the language and will be available for users from the 10th of August 2021.

Recognition of the Scots language has grown recently in Scottish schools, parliament, and on social media. However, speakers have had limited options for software in their own language.

Rubric hopes that this new language option will change that by allowing learners and fluent speakers to browse the web in Scots.

A renaissance of the Scots language

The 2011 Scottish census reported that 1.9 million people could speak, read, write or understand Scots. Despite this, there has been less drive to incorporate it into technological products than other minor-

ity languages, such as Scots Gaelic.

Ashley Douglas, writer, researcher, and translator for the project explains the importance of Scots language software: "This project shows Scots being used as the fully-fledged, fully functioning, fully legitimate modern language that it is. It's wonderful that *Rubric* and *Mozilla* are committed to doing this, and it was a real pleasure to help *Rubric* deliver on the goal."

Fellow translator and Scots writer Thomas Clark notes that the browser will provide validation for native speakers. He says "For younger speakers especially, it's so important that they see that Scots is out there so they're not embarrassed about using it. Being able to access the internet through a Scots medium makes so much difference to their confidence, their development, and hopefully to the status of the language."

What it takes to translate a browser into Scots

As Scots has not been used extensively in the technological sphere before, the team had to coin some new terms.

Clark says "The real challenge was finding a medium between an interesting, lively accessible Scots and making sure that it wasn't too antiquated or whimsical."

Françoise Henderson, CEO of *Rubric*, hopes the publicity around the browser will encourage the Scots community to build upon their efforts to promote the Scots language in the technology domain.

She says: "It's unusual for a commercial com-

and it continues to challenge me to improve as well as push myself to be confident on stage.

Berret was amazing as always to watch and learn from. She is always so beautiful, graceful, strong, and poised in all her dances; a true example of skill, talent, passion, and kindness toward others around her. I just love getting to know her and the other dancers at competitions, and hanging out and laughing together. It was a wonderful competition overall.

Attached are my highlighted dances and photos of the competition, feel free to watch and enjoy with others at your leisure. I look forward to my next update with you.

Sincerely,

Audrey Trawick, TBHD

New Nessie sightings!

The latest Nessie sighting which took place on July 19, 2021, read, "A man and his daughter, visiting from Chester, reported seeing an unidentified movement in the loch."

Sightings of a possible monster in the lake date back to the sixth century when it was encountered by St. Columba.

Earlier this year, a young man visiting from Cambridge, spotted an unidentified hump rising from the water in Urquhart Bay close to the castle.

BRICK WALL SEARCH OPTIONS AND TECHNIQUES

Bryan L. Mulcahy, MLS

Brick walls, also known as Dead-ends, are occupational hazards for genealogists. These challenges are an inevitable part of the genealogical research process. The good news is that many dead-ends can be overcome with patience and good detective work. Most genealogists usually find methods or strategies to overcome these roadblocks. The process involves creativity, knowledge of history of the ethnic group, and having confidence in your gut feelings.

The following search options and research techniques listed below have a proven record of accomplishment for helping patrons overcome these challenges.

1. Branch out Branch out from census and vital records and view different record types. Some examples would include military records, land, property and tax records, church and family bible records, newspaper obituaries, and probate records.

2. Go back and review previous research looking for missed details or connections.

3. Whenever possible, view original documents, transcription errors are common with old records. Most original documents are created at or near the time of an event. Secondary sources are useful but may not be as accurate or complete. Someone who may have heard the information by a second hand

account usually generated them after the event.

4. Explore non-internet sources like local history and genealogy centers, gravesites, books and family Bibles (many of which contain information on families).

5. When you are unable to locate information about someone, try searching for their siblings or other close family members instead. Records that include family members often include the person as well.

6. There are many restrictions on public access to record about living individuals. When faced with this issue, try searching social media. Facebook, Instagram, Twitter and even LinkedIn can connect you with people who may be otherwise hard to find.

7. Try connecting with people who have overcome similar research issues to get clues for moving forward. Joining a local genealogical society is a good way to begin this process.

8. Talk to family members, especially people in older generations. Share the information you have and ask what they know.

9. Keep checking back for information you have already tried to find; new records are added to databases daily.

10. If you reside near a public library with a genealogy collection, contact the librarian in charge about setting up an appointment for a personalized online search. Please be advised that, if possible, it is always better for you to be present at the time of the search.

11. Take a DNA test. DNA testing has become the go-to solution for longstanding roadblocks in family history research.

12. Maintain research and correspondence logs. Research logs document where you have searched, the sources you've found and the information you have and still need. To accompany your research log, create a list of unsuccessful searches as well as a list of places you would like to search and what you want to find. Include comments about your search strategies, ideas you have and questions you would like to revisit.

pany like us to do this kind of thing. Usually, the community translates for *Mozilla*. For us, it's very much a seeding exercise, it's not a commercial exercise. The language has to live and the community has to take over now."
