PREFACE.

In presenting CLARKE'S BUSINESS DIRECTORY OF SCOTLAND to the Public, I have to apologize to the Subscribers, for the unavoidable delay in its issue. This delay has been caused by a determined trade opposition to the proposed issue, which was not always carried on in a straight-forward, upright manner.

It would take too much space here to give full particulars, even if it were necessary for the edification of the Public or for the furtherance of my apology. It must suffice, that I assert, that dishonourable means were used to hinder the compiling, and to prevent the necessary information being obtained; but the Subscribers and Public may see that the Work is out, the only effect of the interference being, the possible annoyance of Subscribers, and the delay for which I apologize.

I would thank the large number of Subscribers for the many valuable suggestions and encouragements I have received, and would assure them, that neither time, labour, nor expense was spaired to insure accuracy; but in a Work of this kind, errors are sure to occur. I should, as Publisher, be obliged to Subscribers if they would enable me to make all corrections in the next issue.

In Conclusion, I have only to state, that it will be my aim to improve the Work, as it is my intention to add several new features, so as to increase its usefulness. For the next issue, I hope to have New and Improved Machinery, and possibly a New Series of Type; and with competent hands to make the Work second to none in Great Britain. It is the only Work of the kind, Printed and Published in the City of Glasgow, and it is my hope to make it worthy of such an Important Commercial Centre,

I am Yours Obediently,

C. CLARKE,

PUBLISHER.
